# Magnetic Transport Signs
## Instructions

Conwin #32930

**Important: Only display these signs when traveling with 1,000 cubic feet or more of helium- or nitrogen-filled cylinders. Remember to remove the signs when you are not tranporting helium- or nitrogen-filled cylinders**

The Department of Transportation requires that you display the 4 signs on the front, back and two sides of your vehicle. Visit the DOT's website to learn more about the rules and regulations for transporting helium and nitrogen. (http://hazmat.DOT.gov) Also, visit Conwin's Balloon Info Center on www.ConwinOnline.com to learn more about setting up a safe and efficient balloon production center in the store and on the job.
