

Cylinder Safety Stand Assembly Instructions

- Parts List:**
 2 Velcro® Safety Belts
 1 Cylinder Baseplate
 1 Cylinder Support Upright
 2 Bolts
 1 Wrench

1 Position upright with "This Side to Cylinder" label facing inward, toward front of Safety Stand.

2 Using the wrench supplied, attach the upright to the baseplate and firmly tighten the bolts.

3 Place Velcro® Safety Belt on hook with fuzzy side facing outward.

4 Roll the cylinder into the safety stand until it is touching the upright supports. Orient the cylinder valve outlet so it is facing to the left. Place bottom Velcro® safety belt around cylinder and through loop. Tighten belt securely. Repeat with top belt. Cylinder should be very tightly attached to stand.
